FOREWORD BY

CEO/ Managing Trustee

Educo Saibaba Path MPS has completed 6 fruitful years with various notable milestones. Our Journey started in 2009 with 15 students, and we have a growing strength of over four hundred students. This report outlines the achievements and provides an overview of educo's successes in the academic year 2014 - 15. Educo aims to provide a holistic curriculum that identifies and responds to the needs of our students.

We support our students through by providing them with the skills necessary to develop a desire for lifelong learning, prepare them as active and reflective citizens of India, with a healthy tolerance and acceptance of their diverse cultures. We focus on the students' holistic development, through academics, sports and various extra curricular activities.

In the year 2014 -15, educo continued to build on its past successes and build new avenues for student learning. External assessments by indus and the Adhayan Review also ensured we understood student levels and difficulties.

The biggest highlight of the academic year was the donation and inauguration of the new Library, by Mr. Ajay Mehra and family. The library has a large collection of fiction, non-fiction and research materials. There are also reference books for, both, students and teachers to access freely. Additionally, the computer program, started in 2009 along with the Abhyudaya Nagar Secondary School, has expanded and reached close to 2500 students in the entire school.

As always, this year was filled with lot of celebrations which included Ashadi Ekadashi, Independence day, Teachers day, Gandhi Jayanti, Children's day, Navratri, Sports Day and our School Annual day. The staff and parents also take keen interest in these celebrations and encourage our children to develop National spirit and essential values, while working together.

To ensure that our students are equipped, as responsible citizens of India, they have been involved in the Swachh Bharat campaign, even organizing a Prabhat Pheri in the surrounding community. The extensive Project Day this year focussed on "Water". Social responsibility, access to information and environmental studies were the focus of this project. Further, Deloitte organized an Arts and Impact Day, which encouraged the students to express their social understanding, through art. They created various posters addressing social issues, relevant to them.

This year, educo focussed on the stakeholders and community as well, with regular trainings for the teachers educo, Open Day at school to discuss student development with the parents and an exclusive session explaining the CCE to parents. A Swine Flu Camp was also organized for the students and staff. The students were encouraged to share this information within their community. The parents were also involved in a Project Day that celebrated the different traditions and delicacies of Maharashtra. ICICI Lombard also organized a regular dental and eye camp, for the students to get regular checkups and rectifications.

We express our sincere thanks and heartfelt gratitude to all our students, parents, well wishers and patrons of our school without whose help we would have not been in a position to maintain high standard of education and discipline in our school. We take this opportunity to commit ourselves to do our best to serve this locality through quality education. We seek their blessing

Thanks to the dedication of the students, staff, community and our donors, we are able to provide a quality education in a caring environment and will be continuing our efforts, to provide for the children at educo Saibaba Path MPS, as well as our local community.

Regards,

MEENAL SRINIVASAN

COMPUTER EDUCATION

At educo we appreciate the difference computer education can make in framing a child's career. It not only helps to influence career aspirations, but it also leads to enhanced creativity. We have hence forth developed a fully furnished lab for all of our children. Currently educo operates from Jr.Kg to Std 5, but our lab is open for all of the students at Saibabapath School, right from Class 1.

educo

Educo has been working with Abhyudaya Nagar Secondary School from 2009 to introduce computer skills. We have helped almost 2500 students to use computers, and assist in online admissions every year.

IMPLEMENTATION PLAN

EDUCO has established two computer laboratories in Saibaba Path Mumbai Public School Complex

One lab is used for primary classes' English medium & another lab used Secondary vernacular medium.

As regards computer education to Marathi & Hindi Medium School children below is the number of children we have taught:

SEPTEMBER
TEACHER'S DAY CELEBRATION

Primary and Pre-Primary teachers gathered at 9.00am in second standard classroom. The A.O. Madam Vandana Gosavi, Principal Mrs. Sneha Pandit, and CEO Mrs. Meenal Srinivasan gave best wishes to the teacher on the occasion of Teacher's Day. Educo had arranged different games for the teachers like “pick chana with straw and collect in bowl”, “to burst the balloon”. At the end of the games gifts were given to winners of the game. We had a professional photographer to take individual pictures of the teachers. There was great excitement in teachers while performing the fashion show. Teachers were served with Bhel Puri, Pani Puri and Sev Puri. Overall the day was of enjoyment for the teachers who work hard the whole year around.

TEACHER'S TRAINING IN BMR

BMR Advisors has kindly provided the use of their training facility for our teacher training on a need basis. In October 2014, we conducted an extensive teacher training program in the training room. We started in October 2014, we had training in an external training facility. We started with an activity of potato peeling; teachers were given a potato, folk, knife and peeler etc. There was a discussion on results of potato peeling. The fine peeling of potato depends on the equipment which we are using, therefore sharing the importance of teachers and their role.

Next activity was there were many chits with various topics inside it, the teachers had to select a topic from those chits & they were

given sufficient time to think and write down points.

NOVEMBER

NAVRATRI FESTIVAL

Navratri Festival was celebrated on 1st November 2014. The program started at 8.30am in the morning. TEAM PICNIC AT ALIBAG

Our HR policy validates and emphasizes the individual contribution to the organization. The place of work for the Educo teachers is comfortable and an avenue for self actualization. It is a workplace that one is proud to be a member of with a feeling of ownership and joy. We ensure we create an environment conducive to personal growth of each and every employee. Our workplace is also one with a positive outlook, freedom to express, explore ones creativity and grow to ones full potential.

The teachers also have a position of respect both in the school and the community.

educo emphasises a place of work with a work life balance. Every year we have a staff picnic and off sites to ensure the teachers have an opportunity to relax and enjoy the team spirit so ingrained in the teachers.

The teachers also have the benefit of hot breakfast provided everyday as a valued staff facility

CONCLUSION

We are closing this year on a great note! We are looking forward to enrolling 100+ children taking the count to 500+ and will reach Grade 6. We are honoured by TechMahindra Foundation's continued support and validation of our school. Deloitte Shared Services India Pvt. Ltd. has kindly agreed to support our sports program.

We would like to thank BMR Advisors for their continued support via their training photo copying facility.

Additions next year will be a Science Laboratory and a larger sports program. The school will run in two shifts given the demand by the community. We will continue focussing on child centric, experiential learning and constant upgradation of teachers skills.

We would also like to announce that we have received a silver rating from Adhyayan Quality Services.

As a founder Trustee and CEO I am grateful to our team of dedicated staff that takes our project to great heights.
